Vehicles of all make & models are welcome. If you are interested in motoring, even if you don't own a classic, come and join us.

The club has a very active calendar starting with a New Year run followed by celebrating Drive it Day / St George's Day. Easter is always fun with Easter bonnets where cars and members are adorned in flowers and eggs.

The summer brings monthly seafront shows which draw a huge interest from the public. The eclectic mix of vehicles owned by the members always draws a large crowd.

On August Bank Holiday Monday the club holds the annual classic and custom show in the Polegrove recreation ground, in excess of 400 vehicles attend ranging from steam to the latest custom machines. Profits from the show go to local charities and to date over £135,000 has been raised.

Replica of Leon Serpolett's 1902 steam powered record-breaker as raced at Bexhill-on-Sea

General data protection regulations

The club keeps a database maintained by the membership secretary for the management of the membership; this includes name, address, membership number, telephone, email and vehicle details.

This database is solely used for communication purposes and distribution of information to members. It can only be accessed by the Club Secretary and Membership Secretary and no information is released to other members or any outside person or organisation unless authorised by the individual member.

Members have the right to withdraw consent at any time to their personal data being maintained as detailed above, but need to be aware that it would then not be possible to communicate information or send magazines to them.

I consent to my personal data being retained and used as documented above:
